

# Sin Sin Sin

Robbie Williams

1. Don't let your eyes tell the brain  
You should feel ashamed  
Everyone needs it baby  
And I feel the same  
Didn't quite catch your name  
Hush, hush, hush don't say a thing  
Let's see what the night will bring  
It might be everything

Oh it hurts when you're too blind to see  
Please don't read my mind I tell the truth to me

R: Sin sin sin  
Look where we've been  
And where we are tonight  
Hate the sin not the sinner  
I'm just after a glimmer of love  
and life deep inside

2. Hush hush hush  
To speak is a sin  
And neither of us need rescuing  
Just relax  
It's what Jesus would do  
We're made in his image baby  
Let's ride this thing through

Oh it hurts when you're too blind to see  
What about us? Well it was just for me

R: Sin sin sin...  
  
I won't sing of amore  
It don't sound sincere  
Love is a cliché  
But if it's not here I'll disappear

R: Sin sin sin...  
  
It's love's great sex joy  
I love you, you love my hate  
And it feels inside  
Feels inside  
Feels inside
