

Promised Land

Robert Plant

Oh baby, can't eat can't sleep Can't understand a love song
Drive me crazy 'Cause my feet won't quit as I go slidin' in the
sweet
zone
Round round like you want me to do
Down down like you're beggin' me to
The floor's small and the wall's too steep
I can kiss your mouth when I go to sleep
Oh, baby, got those personal moves so deep inside my move groov

I go crazy, my head won't quit as I crawl inside your love groo

Down down like you want me to do
Round round like you're beggin' me to
The floor's small and it's much too steep
I can kiss your mouth when I go to sleep
I feel alright, 'Cause my little girl wants to dance all night
What can I do I know my little girl wants to dance with you
Oh darlin', come on baby, come on mess with me
Oh, woman, I'll make it up to you, if you just drive me wild, c

Down down like you want me to do
Round round like you're daring me to
The floor's small and the wall's too steep
I can kiss your mouth when I go to sleep
I feel alright Because my little girl wants to dance all night
Oh what can I do I know my little girl, she wants to dance with
you
I feel alright My little girl wants to dance all night
Oh what can I do, ooh ooh I know that girl, she wants to dance,
dance,

Round round like you want me to do
Down down you're beggin' me to
The floor's small and much too steep
I can kiss your mouth as I go to sleep
