

# Barrell Of A Gun

Rockie Fresh

[Verse 1:]

It's Rockie the newest nigga I'm winning  
This is just the Genesis, homie it's the beginning  
Travel round the world getting paid with my crew  
It's a lot of people wondering why I do what I do  
Why I think about my mother  
Who put your boy through summer school  
When I failing classes wouldn't kiss theses teachers  
asses  
When I think about my pops who  
Work that 5 to 5 on the nights I should of died  
Just to keep the dream alive  
Now I'm standing here with 20 gold chains I never run  
Try to harm me the one  
You gon' have to meet the barell of the gun

[Hook:]

You only got one shot  
You only got one shot  
You only got one shot  
Don't fuck it up nigga  
When you get you shot you better take it nigga  
When you get you shot you better take it nigga  
Cause I'm a take mine and I will not miss  
I'm a take mine, hommie watch this

[Verse 2:]

A lot of these rappers be out here whilling  
Out here talking all violent, I prefer to move silent  
I know I'm on fire and ain't nobody flyer  
These niggas say they hustling when they life is like  
the wire  
Well my shit a little different, I'm living life  
breaking bad  
I got them white boys, cooking up in the lab  
We don't see our peers, we only see the legends  
I rarely talk guns, my mind is more a weapon  
I'm murdering these rappers going hard in every session  
And my money gotta come, faster than a bullet from

[Hook]
