

# Standing On A Rock

Rodney Crowell

I'm standing on a rock  
And I ain't goin' nowhere  
I'm standing on a rock  
And I ain't gonna move  
Got me something to live for  
Got me something to prove  
I'm standing on a rock  
And I ain't gonna move

You're a real fine woman  
And your heart is strong  
You can see right through me  
And you laid the law  
You don't give me no trouble  
And you don't take mine  
You ain't the reason I'm livin'  
But you're the reason I'm tryin'

I'm standing on a rock  
And I ain't goin' nowhere  
I'm standing on a rock  
And I ain't gonna move  
Got me something to live for  
Got me something to prove  
I'm standing on a rock  
And I ain't gonna move

You don't say nothing bad about nobody  
You don't like talkin' out of school  
You might not take me for a wiseman  
But you sure don't take me for a fool

I'm standing on a rock  
And I ain't goin' nowhere  
I'm standing on a rock  
And I ain't gonna move  
Got me something to live for  
Got me something to prove  
I'm standing on a rock  
And I ain't gonna move

Well I could be happy flying airplanes  
I could be happy selling shoes  
I could be happy just drinking water, baby  
As long as I an drink with you

I'm standing on a rock  
And I ain't goin' nowhere  
I'm standing on a rock  
And I ain't gonna move  
Got me something to live for  
Got me something to prove  
I'm standing on a rock  
And I ain't gonna move
