

If You Want Me To

Roger Miller

Thunder rollin', lightnin' flashin'
But right through the middle of it I go dashin'
Goes to show how far I'll go for you
If you want me to

Well, hurricane winds blow grief and sorrow
But I'd run through one tomorrow
Goes to show how far I'll go for you
If you want me to

Well, there's no limit to
What I'll not go through for you
Anything you ask of me
I'll make it my destiny

Well, thunder rollin', lightnin' flashin'
But right through the middle of it I go dashin'
Goes to show how far I'll go for you
If you want me to

Thunder rollin', lightnin' flashin'
But right through the middle of it I go dashin'
Goes to show how far I'll go for you
If you want me to

Well, hurricane winds blow grief and sorrow
But I'd run through one tomorrow
Goes to show how far I'll go for you
If you want me to

Well, there's no limit to
What I'll not go through for you
Anything you ask of me
I'll make it my destiny

Well, thunder rollin', lightnin' flashin'
But right through the middle of it I go dashin'
Goes to show how far I'll go for you
If you want me to

Goes to show how far I'll go for you
If you want me to
