

Christmas Soul

Ross Lynch

1, 2, 3, 4!
Uh-huh!
Wooo!
I always love this time of year
White snow and reindeer
Heh, yeah
There's something special in the air
Friends and family everywhere
Ooooh

When everybody's singing
My heart starts jing-a-lingin'
There's something 'bout those December nights
Today's the day
Let's celebrate
With that Christmas Soul
Feel that Christmas Soul
We'll have a ball
Let's deck the halls
With that Christmas Soul
Feel that Christmas Soul
We got that reindeer
Kinda cheer
Santa's flying over here
All the way from the North Pole!
'Cause we got Christmas Soul
Yeah, we got Christmas Soul

Uh, yeah!
What (What)

When it get's real cold outside
I'm ma take you on a sleigh ride
Woo!
We'll come and gather 'round the tree
And we'll make some memories
Oh, oh, yeah

When everybody's singing
My heart starts jing-a-lingin'
There's something 'bout those December nights

Today's the day
Let's celebrate with that Christmas Soul
Feel that Christmas Soul
We'll have a ball
Let's deck the halls with that Christmas Soul
Feel that Christmas Soul
We got that reindeer
Kinda cheer
Santa's flying over here
All the way from the North Pole!
'Cause we got Christmas Soul

Just clap your hands
We can dance tonight (Come on!)
If you got Christmas spirit

Let it shine bright (Uh-huh)
I said
Just clap your hands
We can dance tonight (Oh!)
If you got Christmas spirit
Let it shine bright

Yeah, yeah

Today's the day
Let's celebrate with that Christmas Soul
Feel that Christmas Soul
We'll have a ball
Let's deck the halls with that Christmas Soul
Feel that Christmas Soul

We got that reindeer
Kinda cheer
Santa's flying over here
All the way from the North Pole!
'Cause we got Christmas Soul

Just feel that, just feel that
Just feel that Christmas Soul (Christmas Soul!)
Just feel that, just feel that
Just feel that Christmas Soul (Yeah, we'll feel that Christmas Soul!)
Just feel that, just feel that
Just feel that Christmas Soul
Oooh
