

Like The Sun

RyanDan

I tried to hide from you
But I failed
I tried to lie to you
But how I failed
And even in my darkest time
You gave me light
I never knew this kind of love
Could feel so right

When I'm in your arms
I find myself believing
We could be anywhere
So I can keep on dreaming

Whenever you're close to me
You're like the sun
You feel like the sun
And everyday you're telling me
I am the one
I am the one
Who makes you shine

And I know
Whenever you want me to
I'll go
And even when you're not with me
I feel you there
I'll only have to look and see
And I'll know where

When I'm holding you
The world can stop its turning
You're always gonna pull me through
And I won't be returning

Whenever you're close to me
You're like the sun
You feel like the sun
And everyday you're telling me
I am the one
I am the one
Who makes you shine

You're like the sun
You keep me warm
You're telling me

When I'm in your arms
We can be anywhere
We can be anywhere

Whenever you're close to me
You're like the sun
You feel like the sun
And everyday you're telling me
I am the one
I am the one

Who makes you shine

Whenever you're close to me
You're like the sun
You feel like the sun
And everyday you're telling me
I am the one
I am the one
Who makes you shine

You're like the sun
You're like the sun
