I Rape You

Fawning upon you bleeding lips In which I drink my pain I'm boundless while I lick you up Moulding - tasting - touching - cutting Swallow me Swallow me Do I please you - do I not? Just let me burst in you Please let me suck your hopes And never question why Swallow me Swallow me Physically I rape you I despise your borrowed mind Mentally I rape you I deny your borrowed life I rape you I rape you Swallow me as I burn Or shall I let you undermine What I got under control Deriving pleasure from pain Swallow me Swallow me Do I please you - do I not? Just let me burst in you Please let me suck your hopes And never question why Swallow me Swallow me Physically I rape you I despise your borrowed mind Mentally I rape you I deny your borrowed life I rape you I rape you
