

# The Game Changer

Saigon

I will change the game, one day  
Change the game... one day

I got signed to Atlantic Records, 2004  
They predicted I'd do a million right out of the door  
They said all I had to do was just follow the for-mula  
"You does and you gon' be popular boy"  
See what they failed to realize is I rhyme for the cause  
They got the same mindframe as [?]  
Told me they needed a single, who should they call?  
I said "Y'all should put me in the stu' with Trey Songz"  
Now all along they thinkin we do a song how we bang the girls  
I said "Nah lil' nigga, we 'bout to change the world"  
And when I turned it in expectin a grin  
They gave a nigga this look like "Never again"  
And I looked back at them like "Never again"  
I love all of you motherfuckers but, just as some friends  
I can't do music if it ain't got a message within  
I guess y'all could leave that up to the rest of them then  
I'm changin the game

I daydream 'bout money and fame (so silly)  
I will change the game, one day  
It's just a silly game  
When everybody knows my name (oh really?)  
I will change the game, one day  
Change the game, change the game

Change the game

Okay, so now I got the Bentley drop  
But on the left side of my chest is a empty spot  
I can't lie, these lil' groupies they tempt me a lot  
But for me to fall victim I simply could not  
Nah nah - I don't brag about the bottles I pop  
A lot of y'all are runnin around here with the models I mop  
Five years ago when "Entourage" was shot to the top  
Surprised she's still skinny, shorty swallows a lot  
Ha ha! And ever so often  
somebody comes around and delivers great songs without flossin  
Without talkin, 'bout shit that isn't important  
Like makin a fortune off of somebody snortin  
But bein a force is a call to someone in coffin[?]  
This is all we doin with hip-hop, we lost them  
But we should be ashamed of ourselves  
The only people we could blame is ourselves  
Who else?

I didn't dream, to be all I can be  
For I am I  
My imagination, I can do it all (do it all)  
Do just what I want (ha ha!)

I got released from Atlantic Records, 2010  
I swear to God it felt like I was gettin out of the pen'  
It started off real good, but how will it end?  
Will I make it to the top of the tower again?

Will I be on Hot 9 or Power again?  
Or will the people just assume that I'm sour within?  
I told my +Story+ to 40,000 people  
Now it's time for me to get equal, the sequel
