

I Want to Get Lost

Sanctus Real

Well nobody wants to get lost in the crowd
Buried beneath the ambient sounds
Under the beat of a million hearts
Finding you can be the hardest part

Well I found my way to trouble
I found my way to pain
Well but I'm so tired of trying
To find my own way

So I wanna get lost
I wanna get lost in your arms
I wanna get lost
And lose my way into your heart
Cuz there's so many voices
Telling me how to get lost in this life
So right now I wanna get lost in you
Before I lose myself

I never imagined at the start
The thousand ways I could find my heart
Caught in a web of compromise
Stuck in the prison of my own lies

It was easy to find my way
Not as easy to get out
Oh the roads to my own ruin
Are too easily found

So I wanna get lost
I wanna get lost in your arms
I wanna get lost
And lose my way into your heart
Cuz there's so many voices
Telling me how to get lost in this life
But right now I wanna get lost in you
Before I lose myself

And I'm tired of trying to find my own way
And I'm tired of playing the mouse in the maze
Like I'm memorizing the same old phrase
Just repeating my steps to the same old place

Oh, I wanna get lost tonight
I wanna get lost
I wanna get lost in your arms
I wanna get lost
And lose my way into your heart
Cuz there's so many voices
Telling me how to get lost in this life
So right now I wanna get lost in you
Lost in you
Before I lose myself
Before I lose myself
