

# I Got A Plan

Sawyer Brown

I believe this world we live in is like a big blue door  
That we come into and then we pass through  
Like so many have done before  
And I believe a baby is a miracle  
So is the love that life becomes  
So begins this beautiful journey  
With our Father and with His Son

Leading and guiding and giving us strength in our faith  
I know it's through grace  
I got a plan to be with angels  
I got the sweetest promise there has ever been  
I got a handful of people I love  
And I want to be there with them  
A seven-day saint or a seven-day sinner  
It seems my soul is always on the run  
But I got a plan to be with angels  
I love where angels are comin' from

Sometimes I have this vision  
I see that river, and I see the shore  
And I walk down into the water  
Till I don't want, till I don't want no more  
I wake up with this peaceful feeling  
In my heart, my soul and my mind  
What was once a weight on my shoulders  
Is now the hand of something divine

Leading and guiding and giving us strength in our faith  
I know it's through grace  
I got a plan to be with angels  
I got the sweetest promise there has ever been  
I got a handful of people I love  
And I want to be there with them  
A seven-day saint or a seven-day sinner  
It seems my soul is always on the run  
But I got a plan to be with angels  
I love where angels are comin' from

I got a plan to be with angels  
I love where angels are comin' from
