

# Burning Wheels

Saxon

Driving riding keep the throttle open wide  
Pounding hounding feel the beating deep inside  
Flag goes up you get down  
Beat the lights hear the sound  
Turbo charge let it flow  
Hold on tight and don't let go

Burning wheels of fire  
Racing to the wire  
Bring the glory down on you

Burning turning screaming down the quarter mile  
Racing chasing put the pressure on the dial  
Nitro burn keep it clean  
Down the straight like a dream  
In your machine speed machine

Burning wheels of fire  
Racing to the wire  
Bring the glory down on you

Grinding winding drop the clutch and let her fly  
Speeding leading feel the seconds ticking by  
Beat the clock take your turn  
Feel the heat start the burn  
Hit the gas hear the roar  
Kick the pedal to the floor

Burning wheels of fire  
Racing to the wire  
Bring the glory down on you
