

Be Still

Schuyler Fisk

Hold my hand
My fingers are cold.
Don't say a word
Just hold me close.

Streetlight in through the curtains
Are just right,
So don't you move.
Tonight, tonight

Be Still
Be Still
Be Still
Be Still

I can't wait.
I think you wanna kiss me, and I
Won't look. Only listen.
The earth moves
And the ocean sways
Let the moon run out
If we could just stay
Tonight, tonight

Be Still
Be Still
Be Still
Be Still

'Cause even if I'm scared to fall
I'd rather love than lose it all
Then to never be loved..
I'd rather be loved.
Tonight, tonight

Be Still
Be Still
Be Still
Be Still

Be Still
Be Still
Be Still
Be Still (Don't You move)
Be Still (Don't You Move)

Be Still
Be Still
