

## Perfect Way

Scritti Politti

I took a backseat, a backhander, I took her back to her room  
I better get back to the basics for you, oh yeah  
You gotta conscience, compassion, you got a way with the word  
You gotta heart full of complacency too

I don't have a purpose omission, I'm empty by definition  
I got a lack girl that you'd love to be  
You wanna diva a deduction, you wanna do what they do  
Wanna do damage that you can undo

Apart from everyone away from your love  
A part of me belongs apart from all the hurt above

I got a perfect way to make a new proposition  
I got a perfect way to make a justification  
I got a perfect way to make a certain a maybe  
I got a perfect way to make the girls go crazy

I took a day job amendment, I took a liking to you  
I took a page out of my rulebook for you  
You wanna message a confession, you wanna martyr me too  
You wanna margin of error for two

Maybe tomorrow the next letter or when the weather gets better  
I've got to wait here for your moon to turn blue  
I made an offer, an exception, I made a sense out of you  
You took a good look at your book but I knew

In times of tenderness in terms baby so true  
Until such time as I can understand all the things you do

I got a perfect way to make a new proposition  
I got a perfect way to make a justification  
I got a perfect way to make a certain a maybe  
I got a perfect way to make the girls go crazy

Want to forgive you for all the things that you do  
Wanna forget how to remember with you  
Maybe tomorrow the next letter or when the weather gets better  
I've got to wait here for your moon to turn blue

Apart from everyone away from your love  
A part of me belongs apart from all the hurt above

I got a perfect way to make a new proposition  
I got a perfect way to make a justification  
This is a perfect way to make a certain a maybe  
This is a perfect way to make the girls go crazy

A perfect way  
A perfect way  
I got a perfect way  
...
