

# Dream world

## Seven Thorns

Follow me now  
Into this magic world of dreams  
Close your eyes  
Stay for a while

If you want happiness  
This is the place for you to be  
Choose your destiny  
Make it come true

Things said and done before  
Are not important anymore  
It's my dream world  
I'll take you there

And we can make it through  
On this dream we'll fly  
If we only try

Since you left me here  
My heart has turned to stone  
In my dream world  
I'll never be alone  
Though you went away  
In dreams you'll stay the same  
I'll never be alone

Closing my eyes  
Leaving reality behind  
Now it's time  
To find peace of mind

Now you are here with me  
Inside my fantasy  
And it feels so real  
My dream's come true

Since you left me here  
My heart has turned to stone  
In my dream world  
I'll never be alone  
Though you went away  
In dreams you'll stay the same  
I'll never, never be alone

Follow me now  
Into my magic world of dreams  
Close your eyes  
Stay for a while

If you want happiness  
This is the place for you to be  
Choose your destiny  
Make it come true
