

I Got Burned

Shakin' Stevens

I feel the heartbreak, I feel the pain
I got burned, now I'm wreckin' my brain
Wondering how you could do this
Leave me missin' your sweet kiss
So, I, I-I, I got burned by you

Don't play with fire, 'cause you'll get burned
My mama told me, and now I've learned
That sometimes love's a vicious thing
It leaves a painful fiery sting
Oh, I, I-I, I got burned by you

Love makes you happy, but love can be blue
When your sweetheart leaves you
I hope you're happy, I hope you're fine
'Cause any minute, I'll scream out loud
How your sweet face and flashy eyes
Made feel like paradise
Oh, I, I-I, I got burned by you

Love makes you happy, but love can be blue
When your sweetheart leaves you
Feelin' better, but you can bet
That through the years, I won't forget
How your sweet face and flashy eyes
Made feel like paradise
Oh, I, I-I, I got burned by you
I got burned
I got burned
I got burned
