

# I Want It Back

Shawn Colvin

I lost the thread, I lost the map  
It's not a feeling, it's a fact  
I had it once, I was on track  
Why won't it stay? I want it back

I see you there in that magazine  
You're looking smart, you sound supreme  
You got such lip, you know the street  
You been around, you took some heat

You mighta killed, you might be cruel  
You might be stupid but we love you  
You're in the paper, you're in the air  
You're in my head, you're everywhere

I want it back

You're so extreme, you're feast or famine  
You got one mission, just like a salmon  
You said in life, mistakes are many  
How come you never admit to any?

Are you for real or are you bluffing?  
You really get me, famous for nothing  
And every morning you got a name  
In a world where people all look the same

I want it back

I can't give love, I don't know how  
I write in code so you won't know  
I was on drugs, I took a nap  
I didn't mean it, I want it back

I dreamed again of paradise  
I floated steady, it felt so nice  
to sell your soul, just think of that  
I'm halfway there, I want it back

I want it back
