

Operator (A Girl Like Me)

Shiloh

The TV says I'm not the girl that I should be
It drives me crazy
I'm not impressed; it isn't what I want to be
So call me lazy

Operator, operator
Don't call me I'll call you later
Operator, operator
I'm just fine; I'll call you later

Why would I wanna be anybody else but me
I'm never gonna fake it
Why would I ever be anybody else but me
I know I'm gonna make it
Without a doubt, I know what I'm about
I'm everything I'll ever want to be
A girl like me, a girl like me

The magazines are messing with reality
It's entertaining
As long as we, don't ever take it seriously
We'll keep on laughing

Operator, operator
Don't call me I'll call you later
Operator, operator
I'm just fine; I'll call you later

Why would I wanna be anybody else but me
I'm never gonna fake it
Why would I ever be anybody else but me
I know I'm gonna make it
Without a doubt, I know what I'm about
I'm everything I'll ever want to be
A girl like me

I don't wanna lose control
I don't wanna sell my soul
I don't wanna be no drastic, spastic, superficial plastic clone

Operator, operator
Don't call me I'll call you later
Operator, operator
I'm just fine; I'll call you later

Why would I wanna be anybody else but me
I'm never gonna fake it
Why would I ever be anybody else but me
I know I'm gonna make it
Without a doubt, I know what I'm about
I'm everything I'll ever want to be
A girl like me, a girl like me
