

Chorus:

As you can see we're filled with joy  
Our purpose here is to deploy  
These smiles stuck up on our face  
Reflect the love we found in grace  
Some smiles come and go away  
But ours are here, they're here to stay  
If you can't keep your corners up  
Then come find out what works for us

When I go home I'm gonna draw  
An abstract picture of you all  
When I do the faces, I don't want frowns  
I want to color you like clowns

Pickitty up, up, up, ha, ha, ha  
Pickitty up, up, up, ha, ha, ha

[Repeat Chorus]

As you can see we're filled with joy  
Our purpose here is to deploy  
These smiles stuck up on our face  
Reflect the love we found in grace

As you can see we're filled with joy  
Our purpose here is to deploy  
These smiles stuck up on our face  
Reflect the love we found in grace
