

What If

Simple Plan

What if I lead the way
What if I make mistakes (will you be there?)
What if I change the world
What if I take the blame (will you be there?)

I remember going back
To the place we used to lay
But I keep losing track
And now the days they all turn black
And our dreams all start to fade
But there's not turning back

Cause, the world keeps turning
My heart's still burning

What if I change the world, if I lead the way
What if I'm the one that takes the blame
What if I can't go on without you
What if I graduate
What if I don't, what if I don't

I'll be waiting here
I'll be waiting here
I'll be waiting here for you to call me

What if I lead the way
What if I graduate
What if I change the world
Would you still remember me?
