

# The Art of Skin Decoration

Sinister

Follow the stench  
Of tattered skin pieces  
Separated by cruelty  
And machinegun fire

Execrated life forms  
Intended to be filleting  
The skills of sickness  
For lust and art

Like a sculptor with insanity  
The torture will be massive  
Skull battered flesh  
The definition of beauty

The day has come  
To deliver a collage  
Filled with hate and pain  
Colored by meat and blood

Even the godz will enjoy  
This gruesome painting  
Symbolizing a new period  
The art of skin decoration

Art... by the skills of sickness  
Art... by the skills of sickness
