

The Riot Crossfire

Sinister

Playground of the holy, preach eternal lies
Gospel for the wicked
Dressed in black, destructive malice
Body to body, knife to knife, predatory raid
The end of civilization, world demise

The riot crossfire
Predetermined
Practical dismemberment
A feast for the beast

Invertible items gathered straight from the core
Favor them all; you'll be dead when he's gone
Meaningless redemption, freedom for all
Father or failure, hear my dead call

Scene after scene, life after death, the riot crossfire
Potential homicide, pragmatic rivalry, the riot crossfire

Like a cut from a blade
Or a shot filled with hate
Death with honor, unkeep the pride
March into glory without asking why

The riot crossfire

Like a cut from a blade
Or a shot filled with hate
Death with honor, unkeep the pride
March into glory without asking why

The riot crossfire

Flesh Of The Servant
Replenish what has been taken
Shepherd of the unholy
Blessed are those who guard their soul
Like a shock to the system

Shortage of violence
Seven priests involved
Rape of innocent children
Approval from their god
