

Catharsis (heal Me Control Me)

[SITD:]

far from complete
far from well defined
caught somewhere
between dark and light

i give you pain
constant and sharp
devil in my eyes
god in my heart

heal me, feel me
heal me, control me
heal me, feel me
heal me, control me

far from complete
far from well defined
caught somewhere
between dark and light

two sides of me
desperate fight
get out of me
get out of sight

heal me, feel me
heal me, control me
heal me, feel me
heal me, control me
