MAMA WEER ALL CRAZEE NOW

I don't want to, drink my whiskey like you do I don't need to, spend my money but I still do Don't stop now, ah come on. Another drop now, so come on I wanna lot now, so come on. That's right, that's right

I said ma mama we're all crazy now. I said ma mama we're all crazy now I said ma mama we're all crazy now

You told me, a fool firewater won't hurt me You tease me and all my ladies desert me

Another drop now, so come on. I wanna lot now, so come on That's right, that's right

I said ma mama we're all crazy now. I said ma mama we're all crazy now I said ma mama we're all crazy now

I don't want to, drink my whiskey but I still do I had enough to fill up Hill's left shoe.

Another drop now, so come on. I wanna lot now, so come on That's right, that's right

I said ma mama we're all crazy now. I said ma mama we're all crazy now I said ma mama we're all crazy now
