

# The Hearts Of Our Young

Slaves

How could you leave the watch out  
Face this life alone  
Both the hearts were yours to mold  
So open it free  
But everything we've lost  
How did the words make it worth it

How did the words make it worth it (3x)

I know what it's like to hurt when we're alone  
I want to tell the one follows in my footsteps  
We are the way, so turn back  
Set the course to watch them fall  
Please kept the tears after all  
Twenty-seven years, my heart still hurts, it still hurts

How could you leave her, she was perfect.  
Now all the dreams, they reek of failure  
Still the older we get, the more broken we become  
Can someone show me how to love (show me how to love) (2x)  
Watching mistakes, I feel I'm nothing

How could I be like you  
I'm not over everything I made  
Yet it day to day  
Just to let them fall

Just to be something in your eyes (2x)

How could you leave her, she was perfect.  
Now all the dreams, they reek of failure  
Still the older we get, the more broken we become  
Can someone show me how to love (show me how to love) (2x)  
Watching mistakes, I feel I'm nothing

How could you leave the watch out  
Face this life alone  
Both the hearts were yours to mold  
So open it free  
But everything we've lost  
How did the words make it worth it

How could you leave her, she was perfect.  
Now all the dreams, they reek of failure  
Still the older we get, the more broken we become  
Can someone show me how to love (show me how to love) (2x)  
Watching mistakes, I feel I'm nothing

Can someone show me how to love (show me how to love) (continuous)  
I'll never know love
