

## Pon Da Horizon

Slightly Stoopid

Stare at the horizon  
Fell beyond a tree  
Fell into the ocean  
Melt into the sea  
Stare at the horizon  
Millions miles of it  
See my love on the horizon  
Like an ocean bottom me

I'm calling  
Pass the weed man pass the d  
My girl, play this song again  
My children, past the d, man you are free  
My people, live in love and unity
