

When I Go

Slut

Ramshackled like
BMX bike
Radio song
Never done wrong

And I know this one's for sure
When I go you are not mine no more
And I fell from here by now
When it shows I don't know how
When I go
When I go
When I go

Moonstruck and mean
Housekeeping queen
Radio song
Never done wrong

And I know this one's for sure
When I go you are not mine no more
And I fell from here by now
When it shows I don't know how
When I go
When I go
When I go

And I know this one's for sure
When I go you are not mine no more
And I fell from here by now
And I show I don't know how
When I go
When I go
