

# Love Sometimes Takes Time

Smokie

Love sometimes takes time  
Sometimes love don't come easy  
And sometimes love is hard to find  
And sometimes love moves like ships through the night  
Love sometimes takes time  
Sometimes words almost freeeze me  
And sometimes words take my breath away  
And sometimes words keep playing games with my mind  
Love sometimes takes time  
Love sometimes takes time  
So as we walk on through the shadows of the night  
Making love through our eyes  
There's a fire burning deep inside our hearts  
There's a cloud hanging over me  
And I can say what I'm feeling  
Love isn't a crime  
Love sometimes takes time  
Love sometimes takes time  
Sometimes love don't come easy  
When words are hard to fin  
And sometimes love moves like ships through the night  
Love sometimes takes time  
Well as we walk on through the shadows of the night  
Making love through our eyes  
There's a fire still burning deep inside our hearts  
There's a cloud hanging over me  
I can say what I'm feeling  
Just give me a sign  
Love sometimes takes time  
Love sometimes takes time
