

# Hear My Cry

Sonique

So many words are spoken  
But nothing seems to get through to you  
So many hungry people are dying  
So what are we gonna do?  
What are we gonna do?  
Think about it, yeah  
What are we gonna do about it?  
Hear the voices, hear them calling  
Calling out to you  
I wanna live on a happier planet  
Where a guilty conscience is a normal thing  
I wanna live on a happier planet  
Where I'm respected for the love I give  
Oh yeah, ah

Chorus  
So don't you hear my cry?  
I'm calling out to, I'm calling out to you  
Oh yeah, ah  
So don't you hear my cry?

Sadness sweeping over the world  
Can't you feel it?  
Why is it so hard for us to love?  
And so easy to hate

I wanna live on a happier planet  
Where judgment is not by color of skin  
I wanna live on a happier planet  
Where I'm respected for the love I give  
Do you find this all entertaining?  
Destruction of the human race  
If there is a God out there somewhere  
How much more can we take? Oh yeah, ah

Chorus

Traveled all around the earth  
Searching for a love--it's hard to find  
So hard to find  
I go home switch on my TV  
All I see is pain, and there's no gain  
When will it end? Take it from me, my heart is yearning  
How long can this carry on?  
Seeking the source of my inspiration  
To set my spirit free

Chorus

Can you hear the voices calling out?...
