

Don't Make Me Beg

Steve Holy

Well, I've been sitting on this couch for an hour
Waitin' for something to transpire
I've tried almost every trick I know
Well, I've even got Sinatra on the stereo

Give me your love, give me your love
That's what I need, that's what I need
How can I make you understand?

Give me you love, give me your love
That's what I need, that's what I need
Oh, girl, don't make me beg
Please, please, please, please, please
Don't make me beg

Well, I've tried to let you know with subtle charms
That girl, I've got to hold you in my arms
And if it ain't too obvious by now
Honey, I'm just gonna spell it out

Give me your love, give me your love
That's what I need, that's what I need
How can I make you understand?

Give me you love, give me your love
That's what I need, that's what I need
Oh, girl, don't make me beg
Please, please, please, please, please
Don't make me beg

Now, I don't want to come off like a fool
But girl, I think that I'm in love with you

Give me your love, give me your love
That's what I need, that's what I need
How can I make you understand?

Give me your love, give me your love
That's what I need, that's what I need
Oh, girl, don't make me beg
Please, please, please, please, please
Don't make me beg

Oh, honey, please, please, please, please, please
Don't make me beg
Oh, honey, please, please, please, please, please
Don't make me beg
