

So Excited

Stevie Ray Vaughan

As far as I know, the only time Stevie sang the lyrics of this song was on March 18, 1985 in Manor Downs, Manor, TX.

Well, I'm so excited, darlin'...

every time I think of you

so excited, baby

every time I think of you

Makin' love to you, baby,

is all I ever want to do.

You're like a four leaf clover, baby

a four leaf clover in my hand

bring your love right over darlin'

a four leaf clover in my hand. ?

luck is what I said, just like the love I have for you ?
