

Keep on Running

Stevie Wonder

Some gonna get you
Some gonna grab you
Some gonna jump out of the bushes and grab you
Whole lotta folks, you better run faster.

Some gonna grab you
Some gonna jump out of the bushes and grab you
Some gonna grab you
Oh You need this thing to grab you, ha.
Yea, yea

Keep on running
Keep on running from my love
Keep on running, yea
Keep on running from my love

Some folks say that you're really, really fine,
All you want to be is just a friend of mine,
But I know, the man your with gonna break your heart,
And you'll be sad real soon, yea.

Keep on running,
Keep on running from my love,
Keep on running, yea,
Keep on running from my love.

Some folks say that you're really, really fine
But all you want to be is just a friend of mine,
But I know I'm gonna get you with him -real soon.

Why do you keep?
Keep on running, running from my love
Yea, keep on running from
Keep on running, running from my love
I need you baby
Keep on running, running from my love
And everyday yea,
Keep on running, running from my love. Oh

Keep on running from my love
Keep on running yea

Some folks say that your love is really good
All you want to be is just a friend of mine,
But I know, I'm gonna get you in the end
'Cause I need you so
