

She

Stiltskin

You said you're getting over me
But I have to know
I have to know it's over
Cause maybe I'm not over you and I have to go
I have to find another
And lady when I'm over you
Then you'll have to know
You'll have to know I'm over you
Something I've been needing to
Be alone with you
Don't tell me that it's over, no

I feel alive
Feel alive, I don't know
I feel a light, feel a light coming on
I feel alive, oh no

You said you're getting over me
But I have to know
I have to know it's over
Cause maybe I'm not over you and I have to go
I have to find another
And lady when I'm over you
Then you'll have to know
Have to know I'm over you
Something I've been needing to
Be alone with you
Don't tell me that it's over, no

She only feels for me
She only sees for me
She only feels for me
She only sees for me
She only breathes for me
She only lives for me

You said you're getting over me
But I have to know
I have to know it's over
Cause maybe I'm not over you and I have to go
I have to find another
And lady when I'm over you
Then you'll have to know
Have to know I'm over you
Something I've been needing to
Be alone with you
Don't tell me that it's over, no
Don't tell me that it's over, no

She
You said you're getting over me
