

Me And The Township

Strawberry Alarm Clock

Yeah, Lord, it's me again
Now, I got the mis'ry so we're back again
This time I'm down on my knees to pray
But I think it's time
Yeah, we got together and moved
'Cause me and the township
We got the spice that makes life a groove

Love, love
Yeah, love

Ha, yeah, peace and beautiful things
Float on the flowers, hear the bird that sings
I can't criticize what I've done today

Counts in the courtyard
Teachin' a head to smile
Buggies on a brick wall
Just up the road a mile
Do we got time to look at each other
While Johnny stands holding his flag?

But I think it's time
We got together and moved
'Cause me and the township
We're holdin' the spice that makes life a groove

Love, love
Yeah, love
Love, love
Love, love, love

Counts in the courtyard
Teachin' a head to smile
Buggies on a brick wall
Just up the road a mile
Do we got time to look at each other
While Johnny stands holding his flag?

Wave, Lord, wave the flag
Wave, Lord, wave the flag
Wave, Lord, wave the flag
Wave, Lord, wave the flag

Wave, Lord, wave the flag
Wave, Lord, wave the flag
Wave, Lord, wave the flag
Wave, Lord, wave the flag
