

Perfect Motion

Sunscreem

If rhythm's a drug I'm hooked on you
So show me every move
We've got perfect motion
You're pulling me up into the blue
I'm drowning in your love
We've got perfect motion

If rhythm's a drug I'm hooked on you
So show me every move
We've got perfect motion
You're pulling me up into the blue
I'm drowning in your love
We've got perfect motion

If rhythm's a drug I'm hooked on you
So show me every move
We've got perfect motion
You're pulling me up into the blue
I'm drowning in your love
We've got perfect motion

If rhythm's a drug I'm hooked on you
So show me every move
We've got perfect motion
You're pulling me up into the blue
I'm drowning in your love
We've got perfect motion
(Drowning in your love...)
