

## Can't Sleep At Night

Susan Tedeschi

I've got the blues goin' round in my bed  
I've got the blues goin' round in my head  
Lord, though I try and I try  
Oh I knew it wasn't right  
Why can't I sleep at night

Where did I mess up  
Where did I go wrong  
I ask these things I'll never know  
As I lay awake goin' round and round  
I keep singing the same old song

Oh I try and I try  
Oh I knew it wasn't right  
So why can't I sleep at night  
Oh why can't I sleep at night

If I can only dream  
What will my story be

Would you be holdin me  
And when I close my eyes  
Are you by my side  
Lord have I realised  
Oh, that you're my everything, everything, oh

I got the blues goin' round in my head  
I got the blues goin' round in my bed  
Oh I try and I try  
Oh I try and I try  
Oh I try and I try  
Why can't I sleep at night  
Why can't I sleep, why can't I sleep at night?

Ooh yes, oh yes.
