

# Miracle

Tad Morose

I've been searching for a long time through light and through darkness but  
I still don't know I've been waiting for tomorrow yesterday's gone but it still the same  
I see the trees  
I feel the clouds in the sky  
I feel the wind I feel the heat of depression  
That's why I need it so bad

All I need is a miracle  
So many times I've been asking myself  
I never felt like this before  
I can't go on living in this desperation yesterday's gone but it still the same  
What does it takes of a man to put his life back in order I lay me down  
I see no way out yesterday's gone but it still the same

All that I'm searching for is a miracle  
Voices are Calling  
Say can you hear me can you see me I'm all alone with no place to go  
I've got no answers to all my questions It's all the same  
they fill my head with lies ...I've got no feelings  
I can't go on living on the edge  
Got no reason to stay alive when all they say is pull the trigger

Life's got no meaning it's all over now It's time to go and leave the past behind  
...I can't control it  
My soul is lost my heart can't take no more  
I feel the fire that burns so deep inside  
No one can save me ...lost forever  
There'll come a time when I'm forgiven  
It's all over now but I'll always be with you

Can you hear the voices calling  
They surround you like stars in heaven  
Ain't no lie that can't be spoken  
Can't believe but I can't deny it I've got no feelings left to hide  
It's not so easy to make this hard decision  
I've tried so hard to wash my thoughts away but all they say is pull the trigger
