

Dreams

Taken by Trees

I know a place that we can go
And you can get back on your feet boy
Somewhere I know we all want to go

When the heat is on
No one will believe us when we'll tell them what we've seen
But baby I need ya, and no it's not a dream

Baby in your dreams
Baby in your dreams
Baby in your dreams
Baby in your dreams
Baby in your dreams

Tell me bout your dreams and where your mind goes
Drifting nightly
High or low I wan it all
No matter what it comes down to
No one will believe us when we'll tell them what we've seen
But baby I need ya, and no it's not a dream

Baby in your dreams
Baby in your dreams
Baby in your dreams
Baby in your dreams
Baby in your dreams
Baby in your dreams
Baby in your dreams
Baby in your dreams
