

I took u in
when u were young & needed someone
so innocent,
i fell 4 u from day one

u came in2 my life
with no signs or warnings
my curious child
u go crazy when i'm gone

rambunctious, yet so beautiful
how could u be so wild
adventurous, yet oh so cool
still u can make me smile
sometimes i could just throw u 2 the wolves
sometimes i just need your style

i can see u....i can feel u
please tell me that you're never gonna go
cuz i need u 2 stay

i call your name
& u usually come-a runnin'
but from time 2 time
u turn the other way
u shed a tear each time u induce my rage
the guilt surrenders my pride
u fill me with laughter
yet u make me scream
this aint no average ordinary ride
u can rip & tear at the seams
i think i know what it means
u can't stand being left alone
i'll do the best i can
2 be your biggest fan
i won't just give the dog a bone
you'll always be a little girl
& as your tale unfurls
the song will still remain the same
madison, i'll say again
i'll make u my best friend
don't ever go away
