

Frozen

Tegan and Sara

It's not far to go it's not far at all
It's not far to go you're not far at all
Pools out back waters so cold
There's not much said that I don't know

The difference between frozen hands and feet
You come right out and you ask me
Nobody ever asks me
In the pool out back water to my chest
Towel lying in the grass
It looks a lot worse than it seems
But you know, baby, that's just me

Baby, there you go
That's just me, baby
There you go
That's just, baby
There you go that's just me

It's not far to go you're not far at all
And darlin', darlin', darlin', darlin', yeah
Looking for a laugh
want to stop back when you're
Done whining and taking things back
I'll be there as always
Feet submerged and probably frozen
We can only hope that I'll be frozen
Enough of that as if I care
As if I need to know like I was there
But if I was you just call my name,
Call my name and I'll be there
If you call my name you know I'll be there

Baby, you're so far away
No matter what you do
No matter what you say
You couldn't stop the world for a moment
In the middle of good-bye
You stop in to say hi

Is it all right
Is it all right if I,
Hi is it all right
Is it alright if I,
Hi is it alright
Is it all right if I,
Hi is it all right
Is it all right

Pools out back water so cold
There's not much said
Then I don't know the difference
Between frozen hands and feet
You come right out and you ask me
It's not far to go
It's not far at all (repeat x8)
