

# Lonely Heart

Ten Sharp

Baby  
I ask myself  
Is there some time  
For a lonely heart  
Baby  
I ask myself  
Is there some love  
For a lonely heart

So you met another guy  
And danced in the night away  
That look was in your eyes  
And there was nothing I could say  
So you met another guy  
And danced in the night away  
Ooh

There was lots of music  
Lots of loving  
Dancing all around  
It didn't feel right  
Somehow I knew why  
Lots of music  
Lots of loving  
And dancing all around  
It couldn't be yes from the start  
I couldn't hold on to your heart

Baby  
I ask myself  
Is there some life  
After a lonely heart

So you met another guy  
and danced in the night away  
That look was in your eyes  
and there was nothing I could say  
So you met another guy  
and danced in the night away  
Mmm

There was  
Lots of music  
Lots of loving  
Dancing all around  
It didn't feel right  
Somehow I knew why  
Lots of music  
Lots of loving  
And dancing all around  
It couldn't be yes from the start  
Couldn't hold on to your heart
