

Cool Cat

The Aquadolls

Oh you're a real cool cat
the kind that likes to scratch my back
and yes I think you're very pretty girl
so don't you ever trip on that
and I like everything about you
and I know that I am true

So why don't you come on over
we can boogie on outta school
I am falling in love
it's all I ever needed
it's all I want, it's all I need yeah
it's all I want, it's all I need yeah
oh you're a real cool cat

The kind that likes to scratch my back
and yes I think you're very pretty girl
so don't you ever trip on that
and I like everything about you
and I know that I am true

So why don't you come on over
