

Sun, Sun, Sun

The Belle Stars

Sun, sun, sun, higher
Sun, sun, sun
Sun, sun, sun, higher
Sun, sun, sun
Each day, me and you
One and one adds up to two
Every day you make me smile
Takes me higher for a while
Look now, blow me down
On and on, that summer sound
Heat wave, where's the cool?
Having fun, let's play the fool
Sun, sun, sun, higher
Sun, sun, sun
Sun, sun, sun, higher

Stepping out, we're having fun
Don't know how this all begun
Lazy days lie ahead
Looking forward to your bed
Hand in hand, hold me tight
Laughing now, it search for fun
Plenty days, seize to be
Since you made your live with me
Sun, sun, sun, higher
Sun, sun, sun
Sun, sun, sun, higher

Just in case you want to go
