Cursed Diamond

The Black Crowes

I lose myself I forget myself Sometimes I fault myself I might fight myself But then I make amends

I freeze myself
Rain on myself
Ok, so I stone myself
And I might even find myself
But then again what happens if I do

So unzip my pride Open me up wide So I can show this to you

I want to shine for you
I want to sparkle too
Just like a diamond cursed
Well you know it don't get worse
You know that I'll save you time
Your trouble now is mine

Hold me baby
Hold me girl
And I will laugh with you
If you want me to
Roll me in your splendor
I'll envy your surrender
And show you victory

I hate myself Doesn't everybody hate themselves I scare myself Then I tell myself it's all in my mind

So I let the poison go 'cause I always know It will be there for me

I want to shine for you
I want to sparkle too
Just like a diamond cursed
Well you know it don't get worse
You know that I'll save you time
Your trouble now is mine
