

# Hope (Scream It Out Loud)

The Blackout

Give up, give in  
Cause know you'll never  
Become something  
Just same as ever  
You won't fit in  
That's just how it goes  
Breathe in, walk out  
Will anybody ever know

I know you find it hard to shine when every turn you take is lined  
With the fear of never making it alive

(whoaaa)  
Never give in  
Hope is all we have  
And all we ever known (whoaaa)

Never fear it  
But you gotta hear me out (whoaaa)  
So scream it out loud  
And scream it out loud

We will be big  
Always standing proud  
We will sing up  
We will shout it loud  
We can be strong  
When it all comes down  
We won't move on  
We will always stick around

I know you find it hard on times when everyone you see is blind  
To the hope that you still scream about inside

(whoaaa)  
Never give in  
Hope is all we have  
And all we've ever known (whoaaa)

Never fear it  
But you gotta hear me out  
So scream it out loud

Never give in  
Hope is all we have  
And all we've ever known (whoaaa)

Never fear it  
But you gotta hear me  
It's all we ever known (whoaaa)

Never give in  
Hope is all we have  
And all we've ever known

Never fear it  
But you gotta hear me out (whoaaa)

So scream it out loud
