

If You Run

The Boxer Rebellion

I'm always here
Waiting for you all alone
Eyes of the night
Just to see, see you home

There's two of us in here
The only, only
There's two of us in here
And it's only

I'm always here
All alone without you now
Lights of the night
Just to see you somehow

There's two of us in here
The only, only
There's two of us in here
And it's only

Just you wait
Just you wait
Just you wait
Just you wait

If you run
If you run
If you run

I'll wait
(If you run, if you run)
I'll wait
(If you run)
I'll wait for you
(If you run, if you run)
I'll wait for you
(If you run)
I'll wait for you
(If you run, if you run)
I'll wait for you
(If you run)
