

My dad, the best dad that I've had  
don't care about nothing  
he's not even working  
he's not only my dad  
the best friend that I've had  
don't think he's a mad dad

His dad, is sleeping with boots on  
it makes me start wonder  
cause there is no thunder  
according to my dad  
don't think he's a mad dad  
it's only some tigers he has got in our shed

My dad, the best dad that I've had  
lies under the table  
he's wearing his bathrobe  
he's listening to lovesongs

His dad won't go to the woodshed  
thinks bugs will attack him  
according to my dad  
it's only some tigers he has got in our shed
