

Coming My Way

The City Harmonic

I won't wait, no, I won't wait for heaven
Cause I believe heaven's coming my way.
While I'm alive I'll be gettin' on with livin' like

You're comin' my way
Comin' my way
And I'll be comin' Your way
Comin' Your way

I can't wait to meet You in the middle.
Up in the air to welcome You home
And on the way we'll be gettin' things ready

Cause You're comin' my way
Comin' my way
And I'll be comin' Your way
Comin' Your way
(2x)

O, I once was lost
O, and now I'm found
It's like a spark lit a fire and it won't burn out.
A spark lit a fire and it won't burn out.
A spark lit a fire, now it won't burn out.

Oh, it'll never burn out.
