

# Get It Right

## The Downtown Fiction

I'm lying on your floor again  
And I've been searching for a friend  
My best behavior is appalling  
And my stock just keeps on falling

I said I,  
I'll get it right  
I'll get it right!  
No matter what I do  
I  
I'll make it up to you  
I may not act my age  
And nothing goes my way  
But I  
try and get it right

You said that all I do is lie  
I spend all day just getting high  
I'm addicted to myself  
Can't make time for no one else

And I said I,  
I'll get it right  
I'll get it right!  
No matter what I do  
I  
I'll make it up to you  
I may not act my age  
And nothing goes my way  
But I  
try and get it right

I  
I'll get it right

I'm lying on your floor again  
And I'm still searching for a friend  
(One more time)  
I'll get it right!  
No matter what I do  
I  
I'll make it up to you  
I may not act my age  
And nothing goes my way  
But I  
try and get it right

Try and get it right

Try and get it  
Right
