

The Best Things In Life

The Gladiators

Ohhhhh, ohhhhh, ohhhh,ohhh, oh

Life of joy we have around us
Talkin' about life, we got what it takes
We got the sun, the moon and stars, they all for free
So all we need is health, strength and prosperity, let
the light shine

Breezes blowin' the children come out to play
The best t'ing, the best t'ing in life are free

Listen to de birds, how they're singin'
With love and harmony they fly around
The swallow in their holes are singin' you their song,
too
So the whole atmosphere just sound great

Breezes blowin' so children come out to play
The best t'ing, the best t'ing in life are free.....
